UiBSclearing

UiBSclearing and JCC Payment Gateway

Gold Microsoft Partner

Never lose a Customer

UiBSclearing enables merchants to accept online payments on their websites. The system used is easy to use and meets all the required security standards (3Dsecure, Verified by VISA and MasterCard SecureCode). With UiBSclearing you never lose a customer, even if his credit card fails.

UiBSclearing provides a wide range of advantages:

- Failover to Manual Process
- Notification Emails
- Failed Transaction Alert
- Storage of Diagnosis and Transaction Details for easy retrieval
- Diagnostic Reports
- 24hours including Weekends and Holidays Support

UiBSclearing products and services come in the following options:

- Gateway Interface License
- Gateway Interface Support Subscription
- Direct method Support Subscription
- Redirect method Support Subscription
